Abuse happens when one person tries to control, or hurt the other.

Family Violence in any form is unacceptable. Family Violence is physical violence, threats, psychological and emotional abuse, sexual abuse, social isolation and economic abuse.

The first step in changing things is to understand what's happening.

Abuse happens when one person tries to control, or hurt the other.

Family Violence in any form is unacceptable. Family Violence is physical violence, threats, psychological and emotional abuse, sexual abuse, social isolation and economic abuse.

The first step in changing things is to understand what's happening.

An initiative of the Integrated Family Violence Services Reform Strategy in conjunction with Gippsland Women's Health Service.
